PROPOSED REVISION OF THE BIBLE IN ENGLAND,-Two weeks ago, at a Convocation of the bishops and clergy of the southern provinces of England, then in session in London. the subject of a revision of the Old and New Testament was discussed. The Bishop of Winchester suggested that a committee of both houses be chosen to report—in conjunction with any committee that may be appointed by the convocation of the northern provinces-on the desirableness of a revision of the authorized version of the New Testament, either by marginal notes or otherwise. The Bishop gave as his reasons for the motion: First, that "it was the bounden duty of the Church to see that what she put forth was the very word of God. Second, that the proposed investigation was rendered necessary by the fact that there was a widely spread impression that the New Testament contained passages that had no right to be there. Third, that there were unquestionably passages in which the right word did not appear, and, in others, where the word had now a different meaning from what it had at the time it was written." The Bishop of Gloucester, in seconding the motion, declared that it was no longer possible for an earnest man to ignore a subject of so much importance. He called attention to certain passues in the Testament to prove the necessity of the proposed inquiry, and remarked that "one small letter made a great difference in the meaning of a sub-ject of the greatest importance," The Bishop of St. Davids was also in favor of the proposition. He did not believe that the revision which had been called for would be found to effect any doctrine which the Church now held. But whilst he would sustain the motion for a committee of inquiry, there were, nevertheless, three causes, which, in his opinion, were calculated to prevent the Church from recommending such an undertaking as that proposed. First, the fresh discoveries, which were continually being made in Bib ical research. Second, the doubt whether a new version of the Scriptures would receive universal assent, and the evil which would ensue if there should be a "Church Bible" and a "Dissenting Bible." "The third objection or difficulty," he said, "was that when the authorized version had received all the amendments it deservedly required, it would be found to have effected a very great change in many parts, and one would be, that it would deprive a number of the clergy, and still more of the dissenting ministry, of some of their most favorable texts. He referred to certain translations, and said his belief

THE PASSION FOR STEALING .- Much sarasm has been directed at the theory of kleptomania, (or passion for stealing amounting to mental disease,) but a case which recently happened in New Hampshire proves that it may well be recognized as a distinct form of veritable insanity. Some months since a Miss Augusta Colbura was detected in Concord, New Hampshire, in wholes de stealing. She was regarded as a kleptomaniae, and not prosecuted. The result shows the simple justice and humanity of this course, for the young wo man is now at her father's house at Wentworth hopelessly and violently insane. From Concord she went to Lowell, and was employed in several respectable families, and stole various articles from every one of them. Some years ago a young man in Brooklyn was arrested for stealing a shoe from the foot of a lady in the street. He was the son of an excellent clergy man, and on the trial it was clearly proven that he had a kleptomania for stealing shoes and only shoes, burying them in gardens and other hiding places. Yet it is necessary that care be taken that those who steal with malice pre pense shall not have license under cover of this very rarely developed mania.

was that a revision word result in great advan-

tage, and increase the value of the Scriptures

to the English reader, not only in public, but in

private, and prove the extent of that inad-

equacy and imperfection they ought not to con-

ceal. The result of the inquiry would alter to a

great extent the meaning of portions of the

Holy Scriptures. ' The Bishop of Llandaff

approved of the appointment of a committee

and spoke warmly of the desirableness of con-

sidering a revision of both the Old and New

Testaments. He suggested, therefore, that

the inquiry should embrace both. The amend-

ment was accepted by the Bishop of Winches-

ter, and in this form the resolution was agreed

MAKE HER FLY .- Old Aunt Dinah was a houting colored saint, of the city of Charleston, who would sing at the top of her voice, and cry "glory !" above all the rest of the congregation. It was common at the missionary prayer meetings of the colored people to take up a collection while singing the hymn-

Fly abroad, thou mighty Gospeli in the midst of which Aunt Dinah always threw her head back, shut her eyes, and sang away lustily till the plate had passed. The sable collector knew her habit, and one evening stopped when he came to her, and said, "Look-1 heah, Aunt Dinah, you needn't be a singin'

DR. JOHNSON has discovered the most DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder Involuntary Discharges, Impotency, General Debility, Nervousness. Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head Throat, Nove, or Skin, Affections of the Live Lungs, Stomach, or Bowels—those Torrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN.

Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an ultimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senstors with the thunders of eloquence, or waked to estacy the living lyre, may call with full confidence.

MARRIAGE. Married Persons, or Young Men comtempla ting marriage, being aware of Physical Weak ness, Organic Debility, Deformities, speedily

cured.

He who places himself under the care of Dr J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician. ORGANIC WEAKNESS

Immediately cured and full vigor restored. This distressing affection, which renders nite miserable and marriage impossible, is the penalty paid by the victims of impropriety.—
Young persons are too apt to commit ex cesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System becomes deranged, the Physical and Menta! Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON, Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hcapitals of London, Paris, Philadelphia, and else-where, has effected some of the most astonish-ing cures that were ever known, many troubled with ringing in the head and ears when asleep great nervousness, being alarmed at sudden sounds, bashtuiness, with frequent blushing, at-tended sometimes with derangement of pind: wors cured immediately.

TAKE PARTICULAR NOTICE. Dr. J. addresses all those who have injured thomselves by improper indulgence and soli tary habits, which ruin both body and mind unfitting them for either business, study, socie ty or marriage. These are some of the sad and melancholy

effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dianess of Sight, Loss of Muscular Pow er, Palpitation of the Heart Dyspepsia, Ner yous Irritability, Derangement of the Digestiv-Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory.

Forebodings, Averson to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced:

YOUNG MEN Who have injured themselves by a certain practice, indulged in, a habit frequently learned from ovil companions, or at school, the effects of which are nightly fold. even when asleep, and, if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be seatched from all prespects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contem-
